

Xcaped Rules of Use of our Escape Rooms

We understand that the ticking clock and an unfamiliar location can be stressful and fun all at the same time, but please remember respect and common sense.

1. This is a FUN activity that will challenge your mental strength, not your physical strength. **Nothing needs to be forced or pried apart. If it doesn't move easily, leave it alone, if it seems like a bad idea, it probably is,** or you may not have completed all the puzzles required to open something it is better to ask your Game Master if you're unsure about something.
2. **Keep in mind, if you break something and it shows it was forced, pried or was generally a bad idea on your part, you could be held financially liable for damages.** We don't want to enforce this rule but others before you have established a precedent.
3. Anything with **RED TAPE on it is OUT OF PLAY....RED TAPE** objects exist so that our more complex (and majestic) puzzles can live in peace. Also....read rule 2.
4. All keys and locks to be placed in the basket or container provided.
5. You can ask your Game Master for three hints while in the room. These are designed to keep you moving in the right direction. Nothing wrong with asking for a little help.
6. General Safety thoughts...**do not stand or climb on furniture**; everything is within reach for those of average height. If there is something you know you're supposed to be able to reach and can't, please contact the game master.
7. If you need to leave the room for any reason: bathroom, emergency or other reason while the adventure is in play, you may not re-enter the room. Don't worry though we will try and entertain you while your team completes the remainder of the game.
8. You have 60 minutes to complete the game!
9. Players to be fully always clothed this includes shoes...
